

Gallery Photogroup Summer Outing – Sunday 7th June 2009

This year instead of a June evening meeting we have agreed to have a day outing at Richmond.

We will meet at the 'The Station' centre where there is car parking and you can have morning coffee, afternoon tea or lunch. The Station is located alongside the River Swale and adjoining the leisure pool on the A6136 road to Catterick Garrison. Details of 'The Station' are at <http://www.richmondstation.com/> and you will note there is Jazz on the Platform that day.

It isn't a formal day but suggest we meet at about 10.30am and then do our own thing individually or in groups.

The Station is well located to walk on the flat alongside the River to the Falls. A short slightly uphill walk will take you to the Market Place and Castle. On the west side of Richmond is the folly Culloden Tower and the permissive path around this woodland is open from the Green. There is also plenty more going on see:

www.enjoyengland.com/destinations/find/yorkshire/north-yorkshire/richmond.aspx

So there is plenty to photograph from the River Swale, Norman Castle to Georgian Streets.

The idea is a day out rather than just serious photography so bring wives, girlfriends, husbands, boy friends etc and enjoy the day and take a few pictures.

Later in Summer Tuesday August 4th we will meet at Southlands and review our pictures.
