JUDGING SEMINAR

As mentioned in an earlier circulation, it is proposed to hold a Judging Seminar at Cambois Camera Club, Club House, Ridley Terrace, Cambois NE24 1QS at the end of this season on

Sunday 8th June 2008.

The purpose of this event is to give anyone who is interested in judging, or thinks that they might be interested, the opportunity to find out more about the job. There will be a talk giving information and advise about how to approach judging. There will also be group sessions, where members will get the chance to comment on pictures, to find out how they enjoy it. The groups will consist of a mixture of new and experienced judges so that the newer people can learn from the others. It is hoped that as many existing Judges as possible will attend the event, as it will give them the chance to exchange views, as well as helping the new and prospective Judges. **We will also be looking at various aspects of judging involving Electronic Images and this will be interest to both new and established Judges**

Whilst the event is being held in the Northern Area this year, it is open to all members of the NCPF.

We hope that at least some of the people who take part in the seminar will decide to go on and join the NCPF Judges' List. It is important to realise that going on the list does not commit you to accepting every invitation you receive. It is up to you, how many events you take on.

It is anticipated that the seminar will be an all day event commencing at 10am. The finishing time will obviously depend on numbers and interest, and as such is designed to be flexible. A light buffet lunch will be provided, free of charge, for those attending.

Judges are very important to our clubs, and without them competitions would just not be possible. Please give serious consideration to the idea of becoming a Judge and passing on your knowledge and experience to other photographers. It can be very rewarding and you get to see a lot of interesting pictures.

If you are interested in attending please book your place as soon as possible. Obviously we will have to assess the response, by about the end of March, to decide whether it is going to be viable to run the events, so **please do not delay.**

To secure a place on the seminar, fill in the form below or contact me direct.
